Get ready for Yankee Dental Congress 36

Yankee Dental Congress 36 will be held at the Boston Convention and Exhibition Center Jan. 26 to 30, Wednesday through Sunday. The exhibit hall will be open Jan. 27–29, Thursday through Saturday. YDC is the annual conference and exposition of the New England dental profession. The conference features advanced programming presented by leading experts in the field. More than 26,000 dental professionals come to gather the latest information, network with colleagues, see product demonstrations, learn cutting-edge techniques and earn continuing education credits. Strong alumni attendance comes from the many area dental schools: Boston University, Harvard University, Tufts University and the University of Connecticut.

The event provides education for the entire dental team. Specialties represented at YDC include endodontics, forensics, oral pathology, oral surgery, orthodontics, pediatric dentistry, periodontics and prosthodontics.

Innovative technology, products and services are introduced on the exhibit floor. YDC completes the experience with special events where dentists can interact with peers and entertain the whole family.

New this year, preregistration is required for all no-charge courses, except High-Tech Playground, student table clinics and student lecture. Your seat will be held for 10 minutes after the start of the course. When the room is filled, no additional people will be admitted and no standing is allowed, per order of the fire marshal.

The exhibit hall will allow meeting attendees the opportunity to connect with more than 450 exhibitors and discover the latest trends and technologies. Meeting participants will be able to see product demonstrations and compare products and services.
