Orascoptic HiRes
Class III Loupes

Ultra lightweight, high magnification oculars

Orascoptic’s award-winning line of HiRes loupes have been enhanced by the addition of powerful ultra lightweight Class III Galilean loupes. These loupes offer a stunning combination of innovative design and powerful optics with a remarkable depth and width of field, to guarantee crystal clear resolution.

As the most effective in their class, Orascoptic HiRes Class III loupes boast the smallest possible oculars whilst providing approximately 5.25 x magnification.

Mounted on a choice of three frame designs, Orascoptic HiRes Class III loupes deliver an unbeatable combination of style, comfort and performance.

High magnification | Wide field | Ultra lightweight

As dentistry becomes more sophisticated and practices turn to more hi-tech solutions for their everyday needs, there is the need for a company whose advice they can trust and whose products are the very best available. Dental Services Direct offers a wide range of the finest in the market. Some more powerful models currently include; the Digora Optime intraoral digital imaging system and the Digora PCT digital extraoral imaging system, the Veraview IG5, Morita’s high-speed digital panoramic x-ray machine and the Velopex Diode 5W 970nm laser, for a more patient-friendly approach.

For extra peace of mind, when Dental Service Direct sells a piece of equipment they ensure the staff receive full training, ensuring the practice gets the most out of its investment. Everything is explained thoroughly and if there is ever a problem later on help is just a phone call away.

To find out more about the exciting range of technology products on offer call the Dental Services Direct Technologies team now: 08452 606 506, visit the website or download the latest special offer flyer from www.dentalservicesdirect.com.

Promotions at Henry Schein

Henry Schein, the UK’s leading supplier of products and services to the dental team are pleased to announce the restructure of their senior management team.

Simon Gambold, who has been part of the Henry Schein team for more than 14 years, and played an important role in the acquisition of Minerva Dental in 2008, now assumes the role of ‘Managing Director’. Simon will continue to work as part of the British Dental Trade Association, creating and develop key relationships throughout the dental industry and profession.

Patrick Allen, who joined the team in 1994 following a long career in the dental industry, has been promoted, to Vice President of the Henry Schein Minerva Full Service Business.
