Minimally Invasive Adhesive Dentistry

Many modern dental procedures require specialised hi-tech equipment and non-excess in performing the delicate techniques of minimally invasive and adhesive dentistry better than the PrepStart neat and compact air abrasion unit.

Versatility is assured, as Evo- dent’s PrepStart is ideal for use in a variety of procedures including cavity preparation, bonding, repairing, restoring and the detection and treatment of fissure lesions, with great patient acceptance. The ultra lightweight hand-piece allows you to achieve a level of accuracy and speed unmatched by conventional procedures. PrepStart does not come into direct contact with the tooth, eliminating noise, vibration and often the need for anaesthetic, resulting in minimally discomfort for the patient.

With available with a special mini ultra quiet compressor if required, PrepStart air abrasion not only minimises the loss of tooth tissue but effectively adds confidence to adhesive procedures. Evident are offering a FREE Restorative Kit worth £155 with every purchase. For more information about A-dec, visit www.a-dec.co.uk or call 02476 550981. ■

Tri-Sok now available in a cost effective 7gr Tube!

Tri-Sok is used for the treatment, after development, of inflammation in an extraction socket. Tri-Sok also prevents infection in the extraction socket where there is a history of Dry Socket and where the extraction has been traumatic. It contains Chloretetracycline, a broad-spectrum antibiotic that acts against infective organisms.

Aspinex exerts analgesic and anti-inflammatory actions. The topical application reduces swelling and post-operative pain.

Tri-Sok is available from Pandante 01689 88 17 88 £24.99 plus VAT or from your usual supplier.

The Annenberg Lecture will be given on the Friday by Professor Sitzan Bichacho and Dr De- urath Schwartz-Adar, and Saturday’s Conference is set to be the best yet with speakers including Professor Barghi, Dr Chris Orr, Professor Edward Lynch, Professor Liviu Steier, Dr Andrew Dawood, Dr Wyman Chan, Professor Luca Gachetti and many more. Call today and ensure that you don’t miss out on this great chance to learn from the world’s best.

For more information, and to ensure your place, call 020 7440 8899 or email info@smileco.org or visit www.dentalinnovation.co.uk

Outstanding Quality At A Great Price With Nuview At The Dentistry Show

Nuview introduced delegates to world-class magnification solutions at the Dentistry Show 2009, including the OPMI Pico dental microscope and the EyeMag Smart loupeges. Available at a great price and useful in general and specialist dentistry, these devices made a real impact on visitors to the stand.

Carl Zeiss designed the OPMI Pico microscope exclusively for use in dentistry, and delegates were keen to take a closer look. The excellent quality of image and the ergonomic yet robust design helps to make the OPMI Pico a leading choice in dental microscopy. Minute details of the treatment site are easily recognised, and the integrated light source lets the user enjoy conditions approaching those of daylight.

The EyeMag loupege represents a cost-effective, comfortable and high quality product, with a range of working distances to promote ideal posture, and a flip-up function for great dentist to patient communications.

Nuview was happy to discuss its aftercare service, which is second to none and gives all clients complete peace of mind with their new equipment.

For more information please call Nuview on 01455 759659, email info@nuview-ltd.com or visit www.voroscopes.co.uk

Extraordinary Quality from DENTSPLY at the Dentistry Show 2009

DENTSPLY was keen to show how superior consumables can help dental professionals provide an excellent service to patients at the Dentistry Show 2009 (13th and 14th March at the Birmingham NEC).

Delegates were invited by the focus of the DENTSPLY stand on the Indirect Restorations procedure. Crown and bridge restorations are amongst the most demanding procedures carried out by a dentist, with high expectations from their patients. DENTSPLY’s quality, branded products fit each step of this procedure, meaning that clients and therapists can ensure an accurate, long lasting restoration and help you to ‘get it right first time’.

Preparation with Miss Hi-D® diamond burs “Diamonds are a Burs Best Friend”

Impression Taking with Mr Aquisal Ultra “Always makes a Great Impression”

Temporary Provisional Restorations with Mrs Integrity “Looks that Last”

Restorative Hand Instruments with Mr Arto “Tools for a True Artist”

Permanent Cementation with Mr Linc “Strength in Simplicity”

The new stand drew real interest from dental professionals who shared DENTSPLY’s dedication to the very best standard of dentistry. DENTSPLY remains strongly committed to supplying innovative products of the highest quality at an affordable price, to support dental professionals in their provision of optimum care and excellent results.

For more information please call 01932 855 422 or visit www.dentsply.co.uk

Kiwi dentist wins postgraduate prize at Salford

Pierre Gill has won the 2nd Annual Best Essay Prize on the Dental Implantology Masters Programme run by the School of Healthcare Professions at University of Salford. Pierre now works in Liverpool at the Peers Backstrom dental practice, although he originally qualified at Otga in New Zealand.

According to Gillian Crofts, Academic Programme lead, Pierre’s work stood out as being an excellent example of how he had both understood the theoretical aspects of the management of tooth loss and demonstrated insight into his patient’s situation, as well as demonstrating the ability to apply the appropriate medical evidence to the case.

The Dental Implantology Masters Programme at Salford is unique in offering Dentists an extensive clinical mentor net-work, the 1st of its kind to be established in the North West. As a result it attracts a number of recognised guest speakers such as Dr Philip Freiberger, ITI Fellow and past president of the ADI and Mr Koray Feran from
